"It is not how much we give, but how much love we put into giving"
- Mother Teresa

Books are our Friends

The main aim for organizing Pusthakopahaar in KV Umroi Cantt is to inculcate the value of sharing and caring our environment. Further it also develops a concern towards saving papers, which in turn save our trees. The students learn and exhibit responsible moral behavior, and contribute a student's effort towards saving money and environment.

"Chess is everything: art, science and sport"
– K. N. Singh, Librarian

Did you know that playing chess can improve memory, concentration and even reading skills? It also helps develop skills in critical thinking, planning and decision making. Chess is hugely popular with pupils using the Library at break and lunch and some games can get very competitive indeed, especially between our senior pupils.

Library on Phone

Linktree is a freemium social media reference landing page developed by Alex Zaccaria, Anthony Zaccaria, and Nick Humphreys, headquartered in Melbourne Australia. Founded in 2016, it serves as a landing page for a person or company's entire associated links in social media, which rarely allows linking to multiple sites. The site was inspired by the developers' annoyance with social media that can't allow multiple hyperlinks.
